PREFACE

This is the fourth compilation on the WHITTED family. This fourth book continues to assemble information from other researchers, family members, the authors' own research, professional genealogists, historical books, court records, bible records and a variety of other sources. This treatise is a result of many years of gathering information. The authors would not give any reward for their experiences and travels in the United States to gather the data and to meet, personally, with the members and their descendents. But the ultimate culmination of the reward to the authors is that, in a small way, we have contributed to making this book a history of the WHITTED family into one concise manuscript that others can expand, be more accurate, bring the family more up-to-date with the children born, deaths, and migrations of the family.

This book continues the family of Thomas Whitted, Esquire, of Orange County, North Carolina. It begins with a group sheet of Thomas and his children. It continues with Mary Whitted, his fourth child.

The book covers Mary as well as Jonathan and his second marriage to Mary Hunter. Allen's descendents are covered in this volume. The rest of the descendents of Thomas Whitted are covered in future volumes.

Some people who belong in the Whitted family have been inadvertently left out. This was not an intentional omission. It was because the persons were not identified as Whitted members. For this omission, the authors apologize. The authors hope that this manuscript will make further research easier, more precise, and will include a collection of more anecdotes and stories of individual accomplishments.

The authors again wish to acknowledge the work of the many contributors to this book and other books on the same subject. The book could not have been this complete or more accurate, with its many errors, without their faithful correspondents. Many of the articles were in the form of gathered material from their archives in separate drawers, or hope chests. We thank them all.

WHITTED FAMILY GENEALOGY

The authors wish to invite all members of the WHITTED family (or others) who find inaccurate or incomplete information in this book, to write the authors. A good way to make corrections is to photocopy a page that corrections are to be made; make a note thereon in red pencil (or ink) and return it to the authors. At some future time, the authors will make an addenda for the book. The authors foresee an addenda for each book on the Whitted family. A short family history of the respondents would be appreciated by the authors and by all persons who delve into these archives. The correspondent should indicate how many copies are desired. Forward the corrections to:

Lt Col Michael Evanco
3845 27th Parkway
Sarasota, FL 34235-8027

Some of his children went farther West. Some, we found, in Iowa; Latah County, Idaho; State of Washington; North Dakota; as well as other places in the western United States

Elbridge Mabrin Whitted

Elbridge Mabrin Whitted is an ancestor of the author. We have first hand knowledge of this family. Elbridge Whitted was born in Chatham Co., NC. He departed Boone Co., IA on his trek to Florida, with his sons, ending in Manatee Co., FL. Subsequently, he had his family come by train--although he came by horseback. He stopped in Tuscaloosa Co., Alabama to visit with his sister, Nancy Caroline Kelly. He, also, was instrumental in taking care of his brother's, Isaac, child, Charley, who died while Elbridge was visiting with his sister. Elbridge arrived in Manatee County, FL and settled on land in Oneco. The Manasota Cemetery is now located on what was once Elbridge's land. Elbridge was a successful orange grower and he lived the rest of his life in Manatee County. He died at Oneco. The authors have a newspaper clipping commemerating his death. He was buried in New Cemetery (now called Major Adams Cemetery), Bradenton, Manatee Co., FL. The gravesite was unmarked when the authors found it. The authors were instrumental in having a plaque erected on the mastabas. Caroline, his wife, is lying beside Elbridge. Allen Whitted, son of Elbridge, purchased the gravesite, prepared the gravesite and personally buried Elbridge Whitted. Allen performed the same actions for his mother.

Elbridge and Caroline (Aldridge) Whitted are located in northwest corner of the lot in New Cemetery. Allen's first wife, Allie Mae

Graham, is buried in the southwest corner of the same lot. Allen performed the same service for his wife.

The newspaper article reads, "An Aged Citizen Dead. Mr. E. Whitted, an aged and honored citizen of Manatee County passed away suddenly from cerebral hemorage on Thursday night at the advanced age of 76 years. Mr. Whitted was a native of North Carolina, but lived several years in the West before coming to Florida about 20 years ago. Since coming to Manatee county, he had resided on Orange Ridge, about three miles south of town, surrounded by sons and daughters and their families, all of whom have nice orange groves and are prosperous. Funeral services were conducted by Rev. W. B. Tresca on Friday afternoon, and the body laid to rest in the Manatee Cemetery."

Annie Viola Walker

Annie Viola Walker tells the reseacher:

That she was born at Horse Creek, DeSoto County, Florida. Horse Creek is just east of Arcadia, Florida. As a young maiden, she left home and supported her brothers in the clearing of land around Englewood, Florida. Englewood was primitive land where few people lived.

The marriage of Allen Whitted and Annie Viola Walker bore nine children in his young life. They lived on Lockwood Ridge Road, at Sarasoto (then, Manatee County), in an orange grove. Allen was a prosperous grower of oranges, who knew many things about the cultivation of oranges. He owned the second privately-owned automobile in Sarasota. He had a two-story house that was, deliberately, burned down. All visitors rejoiced to know him. All the children acclaimed him to be their father. Allen died of a cancerous sore on his left thigh. He visited John Hopkins hospital at Washington, D. C. He seeked outside help too late and was told to 'go home and wait' for his inevitable demise. He lies in the only cemetery in Sarasota at the time--Rosemary Cemetery. His wife lies

beside him. His wife's second husband, George Thomas McKendree, lies on her other side. Allen and Viola, as she was known, were members of the Church of Christ at Oneco. That church had their first meeting on 10-14 February 1904, W. A. Cameron, minister. Allen and Viola were baptized there on 23 October 1904.

Besides her nine children with Allen, she raised Allen's child, William Graham Whitted, as her own. She also bore two children with George McKendree. William Graham Whitted still lives in 1988 in Sarasota. He is now retired from Sarasota City employment.

George Thomas McKendree was a railroad worker between Tampa and Sarasota. Annie Viola Walker needed someone to act as father, companion and financial supporter for her young children. George McKendree was born in Pasco Co., Florida on 11 August 1891 and died 28 January 1965. George McKendree and Annie Viola (Walker) Whitted were married 3 November 1920 at Bradenton, Manatee Co., Florida by Judge Fish. George McKendree's parents were: Emma Atlanta (Curry) and Manning Smith McKendree. Manning Smith McKendree was born 16 March 1865 about 4 miles northwest of San Antonio, Florida; died 8 May 1936; both are buried in Holden Cemetery, Pasco Co., FL.

William Graham Whitted

William Graham Whitted married Mrs. Richard Smith (Mabel Clair Jacobs). She had three children by her first marriage: James A. Smith; Anella (Nell) Smith; and William H. (Billy) Smith. The children were raised by their mother after she married William Graham Whitted.

Allie Maye Graham, first wife of Allen Whitted, was the daughter of Daniel G. and Belle (Rawls) Graham. She had a brother named Augustus Graham. Daniel G. Graham was born 18 February 1842. Daniel G. Graham married a second time to Mary J. Helm on 5 June 1892 by E. F. Gates, minister, with a license dated 2 June 1892. Daniel G. Graham was baptized in the Church of Christ on 6 June 1904. He died in 1917 and is buried in Old Myakka Cemetery, Old Myakka, Manatee Co., FL. Daniel G. Graham had a sister, Eliza Matilda Graham, who married William Alexander la Fitte Rawls.

Allie Maye Graham, Allen's first wife is buried in New Cemetery (also known as Major Adams Cemetery), Bradenton, Manatee Co., FL. The grave is presumed to be the farthest one from the twin graves located in the northeast corner of the lot. Therefore, she is buried in the southwest corner of the lot. The authors, with the help of other family members, put a bronze plaque on the mastabas in 1981. A plaque was erected on the gravesites of Elbridge Mabrin Whitted and Caroline (Aldridge) Whitted at the same time. These two latter individuals were parents of Allen

Whitted.

Obituary of Mabel Clair (Jacobs) Whitted:

"Mrs. Mabel Clair Whitted, 81, 4122 North Lockwood Ridge Road, died Saturday at her residence. Born in Person County, N. C., she had lived in Sarasota for the past 45 years, coming from Forsyth, Georgia. She was a member of the First Assembly of God Church. She leaves her widower, William G. Whitted; two daughters, Mrs. Mae Mullinnix and Mrs. Nell S. McDaniel; and two sons, James A. Smith and William H. Smith, all of Sarasota; 12 grandchildren and seven great grandchildren. Funeral services will be Monday at 1:00 P. M. at Toale Brothers' Colonial Chapel, 40 North Orange Ave., with Norman McCutcheon, minister, officiating. Burial will be in Sarasota Memorial Park."

1923-24 City Directory, Sarasota, FL:

Walter M. Whitted and Wm G. Whitted owned the 'Whitted's Bakery' at 307 Mango Ave., Sarasota, FL. They were in the bakery business only a few years. Allen Whitted, their father, owned a bakery in Braidenton (then called 'Manatee') on East Manatee Avenue. Braidenton is now (1987) called Bradenton. This may have been an inspiration for the two sons to engage in the same business.

WHITTED, Walter Mabrin

He lived all his life in Florida. He vacationed in N.C. At his retirement he moved to Sapphire, N.C. He died in his retirement state. He left a wife and children. He died at Candler of a heart attack.

Sarasota Herald Tribune, Jan. 29, 1984

"Annals of Sarasota's Sheriffs Hold Brief But Colorful Tales"

" . . . Keen had organized a late-night raid on a gambling operation that had been reported within the black quarters of Laurel against the advice of his chief deputy, who said the raid would be too dangerous. The sheriff went anyway, Snell said, but he took along a Sarasota police officer named Walter Whitted as backup.

Prepared by: Michael Evanco

The two men entered a dormitory building from opposite ends of a hallway and gunfire erupted, the newspaper reported. And when the smoke had cleared, the place was riddled with bullets, and "so were Keen and Whitted," Snell said.

Whitted, who had been shot in the jaw, dragged the sheriff outside and drove him back to Sarasota. Keen's wounds led to the eventual amputation of his right leg, but he served out his term, only to be turned out by the voters in his bid for re-election, Snell said. . . ."

A newspaper clipping in The News, Sarasota, FL, 1955, says:

"Oldest in Continuous Service. Lt. Walter M. Whitted With Force 28 Years.

Head of the detective bureau of the Sarasota police department is Lt. Walter M. Whitted, a veteran of 28 years on the force, and the oldest member from the point of continuous service.

A native of Sarasota, the 52-year-old detective has filled every job on the department (including acting chief).

The veteran police officer has stressed technical training and the use of the latest crime detection methods in developing a high degree of efficiency in the Bureau of Investigation which he heads.

Whitted, himself, has attended the Southeastern Peace Officers' Training School, in the Institute of Applied Science, the law enforcement Officers' Training School, and the Florida Police Academy. He and his wife, Neva, live at 809 S. Jefferson Ave. and have three children and six grandchildren."

A newspaper clipping, Sarasota, FL, paper dated 10 October 1963 says:

"Whitted is Retiring From Police Force.

Capt. Walter M. Whitted, granddaddy of Sarasota police as far as continuous service, handed in his resignation Wednesday to Chief Francis L. Scott.

After 37 years, during which time he has held down every job in the department, including chief, Whitted is retiring "to take a little rest in North Carolina."

The chief's resignation brought about chain-reaction promotions, plus one other resignation. . . .

Capt. Whitted's resignation and all promotions become effective next Wednesday. . . .

Capt. Whitted joined the force January 15, 1926, when "the department consisted of only a couple of men. He was born July 14, 1902, a native of Sarasota.

The captain established the first record system for the department in 1937, at which time he was classified as a fingerprint expert, one of the few in Florida.

He was promoted to Sergeant in 1951, lieutenant in 1953 and captain in 1958. He was acting chief for a period when Chief Ed Garner left the department to go with Fuller Warren as the governor's chief investigator. Whitted has seen the city go through just about every major era. He was an officer during prohibition during which time he recalled, "whiskey flowed into town from every imaginable direction."

There was also one case in which the captain was slightly injured. He and another officer, in "1928 or '29" were sent to serve a warrant. At the scene they ran into a gambling game and someone opened fire. Capt Whitted was hit, but not seriously.

The only other officer presently on the force who can compete with Whitted in service time is Lt. Luther LeGette. He joined the force in 1924 but left for five years from 1928 until 1933 to serve as

constable. . . ."

EVANCO, Michael Hajduk

Michael Hajduk Evanco, son of Michael Hajduk Evanco, was born on Penn Street. When a small child, his mother was frightened by an intruder by a man who came into the home, unwanted. Michael's mother screamed for help and a neighbor assisted her. Michael lived with his family on a farm near Bakerstown, PA until he departed for military duty in 1942. It was the first separation from his family. He attended Springdale High School, Springdale, PA graduating in 1937. For a time while attending school, he lived with his uncle at Springdale. That lasted for about one year. He then lived with his maternal grandmother at Acmetonia, PA. His cousin, John Malloy, was also a resident in the home. They walked together to school and played together after school. During the last two years in high school, he commuted from Bakerstown (Gibsonia, PA.).

After high school, he attended Franklin Commercial College. The school was later sold to an existing school, the New Kensington Commercial College. After one year, he graduated and found work at Cheswick Oil Company, a private brand gasoline distributor. The company later became a TEXACO distributor with about 40 Texaco stations.

He also worked for Aluminum Company of America New Kensington, PA. as

Prepared by: Michael Evanco

a secretary and Verona Steel Foundry as a core-maker making cores for the large molds in the plant. He was drafted into the military service on 4 February 1942 from that plant.

He was first taken by bus to Carlisle Barracks Induction Center, near Harrisburg, PA. One of his early experiences was that he now had a number -- 33147800. After a short time, he was selected for assignment to the Armored Forces at Fort Knox, Kentucky. There, he was assigned to Basic Training. After about four weeks, he was made a Lance Corporal (the privileges of rank but no remuneration). After sixteen weeks of tedious training, the men of the company were sent away and Michael was retained to attend the Armored Force Officer Candidate School at Fort Knox. He graduated with a commission of a 2nd Lieutenant on 12 September 1942. His serial number was AO-1012796. After graduation, he was assigned to the 8th Armored Division at Fort Knox, KY and then to the 20th Armored Division at Camp Campbell, KY. He remained with the 20th Armored Division until (upon application) he was transferred to the Army Air Corps at Nashville, TN.

After classification, he was assigned to a flying school at Decatur, AL. Upon an unsuccessful attempt at piloting an airplane, Michael was assigned to an aerial gunnery school at Tyndall Army Air Base, FL. After graduation, he was assigned to a bombardier training school at Roswell Army Air Base, NM. After graduation, he was assigned to Selman Field, LA. There, he took navigation training. After graduation, he was assigned to an overseas tour, assignment to be made by Lincoln Army Air Base, NE. The Japanese surrendered at that time. Michael was sent to Moody Army Air Base, Valdosta, GA. After training in the A-26 airplane, he was assigned to an overseas tour, assignment to be made by Kearns Army Air Base, Kearns, UT (near Salt Lake City). Because he had a short stint of a 'salvage' operation at Moody Army Air Base, he was assigned to Japan Air Materiel Depot, Tachikawa Army Air Base, Japan.

The time was 1947. He made a trip to Iwo Jima, with assignment to re-classify stores left there by previous commands. He and a crew, also, made a trip to the U. S., to come to McClellan Army Air Depot, Harrisburg, PA. to pick up a B-17 airplane and ferry it to Japan. Subsequently, he was assigned to the 6th Troop Carrier Squadron at Naha, Okinawa and the 22nd Troop Carrier Squadron at Clark Air Force Base, Phillipines. A tour of duty overseas completed, Michael was assigned to Fairchild Air Force Base, a Strategic Air Command base.

1947 was also the time that the Army Air Corps became a separate service. Michael became a 'regular' officer and his serial number became AF-47729. Subsequently, the services changed using the individual's social security number. Then, it became AF-173-12-3595.

The time was 1950. He was assigned as navigator on a B-29 aircraft. He went to Japan for 8 months to bomb Korea. This time, he was at Yokota, 3 miles from Tachikawa. He flew 48 missions over Korea. Returning from Japan, he was assigned to March Air Force Base, CA. After 2 months, the unit was assigned to Lake Charles Air Force Base, LA. In 1952, Michael was assigned to the Air Attache's Office in London with duty at Marham Air Base, a Royal Air Force Base, as Navigator/Bombardier on the Washington airplane (a B-29 aircraft lent to the Royal Air Force on a lend/lease basis). He returned to the U.

S. after 18 months.

On this tour of duty he was chosen to be presented to Queen Elizabeth II at Odiham at the Coronation Review. Odiham is about 80 miles west of London and on the plains. He also went, as navigator, to ferry mechanics on the London-to-New Zealand air races. The airplane stopped at Nicosia, Cyprus; Basra, Kuwait; Karachi, Pakistan; and Negombo Air Base, Colombo, Ceylon, the final destination.

On return to the U. S., Michael was assigned to the 4024th Strategic Reconnaissance Squadron. The squadron moved to Biggs Air Force Base, TX and Michael was again sent to England for 8 months. When he returned, he was assigned to Rantoul Air Force Base, IL to pursue a course of instruction in aircraft mechanics graduating on top of the class. He went to Homestead Air Force Base, FL. He became the squadron commander of the 379th Periodic Maintenance Squadron. Because he was a navigator, he was assigned to the 19th Air Refueling Squadron. The squadron moved to Otis Air Force Base, MA and Michael became squadron navigator. Michael requested missile maintenance school and was approved. He, again, went to Rantoul Air Force Base, IL. He went to Sheppard Air Force Base, TX to finish his missile training. He was assigned to the 44th Strategic Missile Wing (a renaming of the 44th Bomb Wing). He was missile training officer and deputy squadron commander of the 44th missile Maintenance Squadron. Upon invitation, Michael became Detachment Commander, Detachment 7, Minot Air Force Base, Minot, ND. The detachment had the responsibility, together with the University of North Dakota, teaching missile officers a course of instruction leading to a Master's Degree in Industrial Management. Michael went to Air Force Institute of Technology at Wright-Patterson Air Force Base, OH as an educational officer. He held the responsibilities of supervising all the missile training at Sedalia, MO. (taught by the University of MO), Ellsworth Air Force Base, SD, (taught by the University of Ohio and, later, taught by South Dakota State University), Francis E. Warren Air Force Base, Cheyenne, WY, (taught by the University of Wyoming), as well as Detachment 7, Minot Air Force Base, ND. At Wright-Patterson Air Force Base, he was also responsible for 5600 ROTC (Reserve Officer's Training Corps) officers who delayed coming to active duty until their completion of schooling. After 2 years, he retired from the Air Force on September 1, 1969. He had more than 27 years, 6 months in the service of his country.

Michael Evanco continually pursued his education throughout his service career. He attended education courses sponsored by Florida State University; University of Massachusetts; Black Hills State Teacher's College; South Dakota School of Mines and Technology; culminating in obtaining a bachelor's degree at the University of Omaha (now, University of Nebraska at Omaha) in 1964; and receiving a Master's Degree in Business Administration from Florida State University in 1969. Michael had taught school at Palm Beach University upon his retirement.

Anita Mae Whitted

Anita Mae Whitted, born 24 March 1913 in Sarasota, Florida, was third youngest of nine children. When her father died, she remembers him more with feelings than memory for she was his 'little one' and she felt he was her protector. Her father, Allen Whitted, was the owner of two bakeries--one in Sarasota and one in Manatee. Also, he was a citrus grower (of all varieties) and dealt in real estate. He was a prominent citizen of Sarasota (then Manatee County). He died 4 July 1919.

Anita was the smallest of the family, with gray eyes, blond hair and quiet, but independent disposition which gave little promise to the beauty she became. She would command attention just by her presence.

When the unforgettable depression came to this country in the 1930's, it was the best and worst of times. When their lovely home burned on Christmas Eve, 1926, she remembers the sudden change in her family's lifestyle--from complete security to insecurity. There was a complete change from the oldest to the youngest. The family pulled together and met the challenges that life had to offer. The youngest five children, with their mother, made their home in Tampa.

While visiting relatives in Miami (Florida), Anita met and married Burney Wilson Cannon of Texas on 14 June 1930. As a result of this

union, a baby girl arrived on 31 January 1932. Anita's unstable marriage made it necessary for her to work. She established herself in the beauty business in order to support herself and her child, Beldene Celest Cannon.

World War II came along. Her brothers rallied to the 'cause'. She sold her beauty business and went to work for the war effort. Anita continued to work for the Federal government. She took an aircraft training course with the Navy. She then went back to Tampa to work 'to do her bit' for her country. She went to work for the Army Air Corps at Drew Field. She was the first female in the area to do this type of work. She set an example for many young men and women to be sent to a training school in Tennessee. Anita's older sister, Ila Whitted Corbett, elected to be a part of this team. Upon the return of the young men and women from training in Tennessee, Anita was given the job of higher technical training to the group. She had the job for two years. She transferred to Miami Air Technical Service Command to teach Aircraft Maintenance and Inspection for two years. Then, she transferred to Alameda, California to process overseas 'returned' materiel. Following the war's end, Anita was sent to work, as Aircraft Inspector, at Tachikawa Air Base, Japan to inspect materiel to be returned to the United States. The tour of duty in Japan was for two years. She met Lt. Michael Evanco. Anita returned home and they were married at Spokane, Washington, 12 September 1948.

Tours of duty for her husband included many stateside locations. In 1952, they were transferred to represent the U. S. Air Force with the Royal Air Force of England.

Little Michael Eric Evanco came into their family to fill their lives with love. He was born 29 August 1952.

She traveled as all good military wives do. On occasion, there were weeks and months at a time that her husband was sent out-of-the-country on temporary duty. During those times, Anita had the responsibilities of mother and father to their child, Michael Eric Evanco. Not all women are capable of being a successful wife to a career military man but Anita took these responsibilities in her daily stride. Colonel Michael Evanco retired from the Air Force in 1969. They lived in Delray Beach (Florida) for seven years before making their final home in Sarasota, Florida.
